NEWSLETTER

June 10th 2020

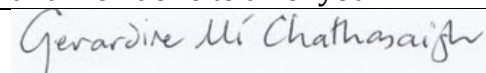

Dear Parents/Guardians,
I hope all parents and families are enjoying good health and coping with the very difficult situation we find ourselves in. Things are beginning to improve now. It is good to know that the country is moving again, slowly but surely.

We await Guidelines which will be issued shortly for the reopening of schools after the summer holidays. What this will look like for Scoil Mháthair Dé will be communicated to you all as soon as possible.

As we approach the end of this school year we have planned a Sports Day 2020 which will take place at home for all the family. Graduation will be online for Sixth Class pupils this year. It has been a school year like no other!

Going back to school will be a very different experience for all of us. It won't be like before. There will still be lots of online learning. We will follow protocols and advice that will be issued by HSE, NPHE and the Department of Education and Skills.

Congratulations to all parents for all your hard work and commitment to learning with children at home over the past few months making sure that homework was completed while maintaining a school routine as much as possible at home. Sincere thanks and well done to all of you!
